Town of South Kingstown
KNOW YOUR TOWN

FAGAN PARK
 Fagan Park is located adjacent to the South County Bike Path in Peace Dale Village. The park was renovated in 2002 to serve both the bike path and the local neighborhood. The renovations included adding picnic tables, water fountain, swings, landscaping improvements, and stone wall. Recent improvements also include additional landscaping enhancements, parking lot renovation, basketball court renovation and stone wall repairs.

GREEN HILL PARK
 The Town of South Kingstown purchased twenty acres of land adjacent to Green Hill Beach Road in 1998 for the development of a community park. Green Hill Park opened for public use in the spring of 2003 and contains a playground, picnic area, two tennis courts, basketball court, multi-purpose field, and nature trails.

TREATY ROCK PARK
 Treaty Rock Park services the Middlebridge Road neighborhood. The park includes a playground, basketball court, open play space, and trail leading to Pettaquamscutt Rock. Vistas from Pettaquamscutt Rock provide excellent views of the Narrow River valley. A historical marker in the park describes the signing of a treaty by Roger Williams. A stone wall borders the southern boundary of the park.

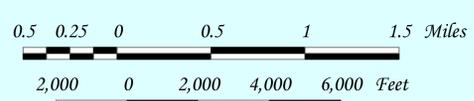

TOWN FARM PARK
 Town Farm Park is located adjacent to South County Hospital. The park contains a Little League baseball field, small playground, tot and regular swings, park drive / parking area, and multi-purpose play area. The baseball field was renovated in 2001 by replacing the backstop and the construction of new dugouts.
