Dear Mr. Wayne Pimental / South Kingstown Zoning Board and Chairman,

We are writing in response to your letter regarding the Dimensional Variance requested by Janet Elizabeth & Kenneth Greenberg and the meeting to be held on Wednesday, April 22, 2020.

**We do not support the dimensional variance for the following reasons:**

1. There is no clear reason why a variance or exception should be made to the current zoning of the property except “ wanting a bigger house”;
2. There is no plan that helps us identify how the variance will impact our property;
3. Holding a meeting by Zoom impedes our ability to hear the arguments regarding the variance and limits our ability to express our opinions;
4. As we all know we are in the middle of Covid -19 pandemic, this is not essential. The timing feels rushed, and with the town hall closed we are not able to effectively learn more about the proposal face to face. We called the town hall several times but could not make any appointment with the South Kingstown Zoning department either.

Regards,

Bill & Yan Krolicki
