Subject: [EXTERNAL] 3637B Post Road Letter of support

Board Members,

Unfortunately, I will not be able to attend the planning board meeting on the 20th, however, I wanted to reach out and offer my support to Pat on his planned new garage project.

My wife Carol and I own the lot adjacent to Pat at 3637 A Post Road. Pat has done a terrific job in his improvements to date on the property and this new garage will complement his home-site plans with the right finishing touch.

Please share our support for this planned garage project as proposed by Pat with the members of the planning board . It is a low impact plan that protects the existing undisturbed natural areas that we have both worked hard to protect in our two home open space subdivision.

Please feel free to contact Carol or myself if needed.

Matt and Carol Haney
