Mr. Michael A. Ursillo, Esq.

Providence, RI 02903

Dear Mr. Ursillo:

The RI AFL-CIO was never in possession of or saw a list that included South Kingstown students' names or addresses. I was contacted by Brad Dufault of Checkmate Consulting Group, and he asked me if the AFL-CIO would be willing to send a mail piece in support of the school bond issue to SK voters. I agreed. He sent me a draft of the piece and I approved it. He sent the text of the piece and the mailing list to the mail house. I was later informed that the mail house made an error when formatting the mailing. It was our expectation that the piece would be sent to voters. I have been notified that the mailing list has been deleted and was not shared with any other entity.

Sincerely,

A handwritten signature in black ink that reads "George H. Nee". The signature is written in a cursive, flowing style.

George H. Nee
President
